## The Durham Region Branch

Our Branch of the CNS presents:

# **FAST REACTORS**

A presentation by **Dan Meneley**, Past President of the CNS, with opening remarks by **Steve Woods**, SVP Nuclear Engineering, Chief Nuclear Engineer, OPG

Date/Time: **Thursday, May 4, 12:15 pm**  
Location: **777 Brock Road Auditorium, OPG, Pickering**

*This session will introduce the concept of **Fast Reactors** and explain their potential benefits.*

*This session is a repeat of that held at Darlington on April 21.  
It is conducted at this location for easier access for non-OPG attendees.*

## Speaker Biography – Dan Meneley

Recently retired from lecturing at UOIT in Oshawa. Retired from AECL in 2011, from UNB in 1991 and from Ontario Hydro in 1984. Began nuclear career in 1963 at Argonne National Lab in Chicago.

Enthusiasm for nuclear engineering and for CANDU design, operations, and safety continues to this day. Now working with an international group of engineers & scientists to develop a means of reducing atmospheric carbon dioxide and restoring world climate stability. Nuclear features large in those plans, soon to be published worldwide.

Past-President of the CNS (2006-2007).

**Bring your lunch and join us for this great talk!**
