## ZED-2 50<sup>th</sup> Anniversary Celebration

Come have the Bear's Den prime rib buffet with the CNS-CRB as we mark the 50<sup>th</sup> anniversary of the September, 1960 commissioning of ZED-2, Chalk River's workhorse 'zero' power research reactor – a twin in size to NRU. After dinner, Rick Jones, a long time Reactor Physics Branch Manager, and Facility Manager of ZED-2, will share with us some of his recollections of the people who passed through, and research that was done, during his tenure there.

ZED-2 Anniversary Celebration  
Sponsored by the CNS-CRB
